

ZH120/220/360全自动装盒机

ZH-360 Automatic Cartoning Machine

产品介绍：

Zh360全自动装盒机是我公司研制的全自动高速药品装盒机。在保留了原有多功能装盒机的所有优点（体积小，重量轻，操作方便，适用范围广，生产效率高，可供多台机器使用），还增加了多项自动控制功能，使机器更加实用，功能更加全面，产品性能得到了极大的提高。药品生产包装的新模式，辅以单独使用，充分体现了其优越性。同时，机器各部件的结构设计符合“国家药品生产质量管理规范”GMP的要求。

Zh360 automatic cartoning machine is a fully automatic high-speed drug cartoning machine developed by our company. In retaining all the advantages of the company's original multi-functional cartoning machine (small size, light weight, easy operation, wide application range, high production efficiency, can be used by more than one machine), it also added a number of automatic control functions to make the machine more practical, more comprehensive functions, product performance has been greatly improved. The new model of drug production and packaging, supplemented by stand-alone use, fully reflects its superiority. At the same time, the structural design of each part of the machine complies with the requirements of the "National Drug Manufacturing Quality Management Practice" - GMP.

技术参数Main Technical Parameter

型号 Model	ZH-120	ZH-220	ZH-360
装盒速度 Packing Speed	50-100 Rotation speed 50-120 b/min	50-220 boxes/min	
版块最小尺寸 Minimum Size Of Plate	最大the max. size 200×120×70mm	50×30×10mm	Max: 160×100×35MM
瓶状最小尺寸 Minimum Bottle Size	最小the min. size 50×25×12mm	Φ25×60	Min: 90×40×16MM
未折说明书尺寸 Unfolded Specification Size	最大尺寸max. size 260×180mm	(90-250) mm×(80-190)mm	Max: 250×180MM (L*W)
折后说明书尺寸 Specification Size After Folding	最小尺寸min. size 110×100mm	(80-190) mm×(20-40)mm	Min: 130×100MM
主电机功率 Main Motor Power		2.2Kw	3.2KW
总功率 The Total Power	1.5KW	5Kw	5KW
电源接线 The Power Supply Wiring	380V 50HZ	380V 50Hz	380V 50HZ
压缩空气压力 Compressed air pressure	压力pressure	0.5-0.7Mpa	120-160 L/min
	耗量consumption	40NL/min	
耗气量 Gas consumption	20 M3/h(压力pressure 0.5-0.7MPa)	≥0.9m3/h	
外形尺寸 Overall dimensions	3700×1350×1700mm	4700mm×1510mm×1600mm	4500×1600×1700MM
整机重量 The weight	1800KG	3000Kg	
工作噪音 Working noise		<75dB	<85decibel
